GRANDSTYLE DV360/DV580 DIRECT VENT FIREPLACES

DV580 shown with upper and lower polished brass trim

The **DV360 & DV580** models are designed for the serious fireplace enthusiast who loves a massive flame viewing area. These fireplace models feature the biggest firebox and log set in the industry. You will be amazed by these direct-vent models – everything is super-sized. Both models are available with a millivolt valve or full service Vermont Castings™ Comfort Control System or electronic ignition.

Standard Features

- Direct Vent Circulating Gas Fireplace.
- DV360: 30,000 Btu's
  DV580: 38,000 Btu's.
- Insta-Flame™ Ceramic Radiant Burner System with limited lifetime warranty.
- Enhnaced Ceramic Fiber Split Oak Log Set with Steel Grate.
- Platinum/ceramic lava rock enhances glow of ember bed.
- Millivolt Ignition System - no electricity required.
- Tempered Glass Panel.
- Manual Flame Adjustment (RN only).
- Wall Switch Kit (RN only)
- Electrical Junction Box (RN only).
- Flex Connector with shut-off.
- Shipped as a rear vented model, field convertible to a top vented model.
- Larger logs that fill the fireplace opening for greater aesthetic appeal.
- Taller flame height than its competitors.
- Can be field converted from one gas to another.
- Uses Majestic 4"/ 7" direct vent components.
- Certified as a Gas Fireplace Heater (AFUE).
- Largest viewing area of any direct vents on the market.
- Available with Standing Pilot or Electronic Ignition, with manual adjustable control.

Optional Trims / Accessories for DV580

- Medium polished brass trim.
- Brilliance glass panel.
- Black face kit with bar louvres and hood.
- Gold plated, pewter or black arch screen kit and louvers kit.
- Ceramic fiber brick liner kit.
- Remote controls.
- Conversion kits.
- Wall thermostat, FK12 or FK24 fan system (RN/RP only).
- Optional LP conversion kits available.

VERMONT CASTINGS™ COMFORT CONTROL SYSTEM (only on DV360 & DV580 RFN)

- Six level modulating flame and fan function from a hand held remote.
- Thermostat governs flame and fan together for maximum comfort.
- Operates without electricity. (except for power supply to fan)
- Comfort Control System features an all-in-one valve construction, no additional fan system or remote required.
- Timer will shut off fire at a later time.
